Summary

Web Developer with hands-on experience building modern web applications using Laravel, Vue.js, Nuxt.js, NestJS, and TypeScript. Skilled in developing REST APIs, scalable backend systems, and responsive user interfaces. Currently open to new opportunities to contribute, learn, and grow as a Full-Stack Developer.

Work Experiences

VehaBooking - Web Developer | Dec 2024 – Aug 2026

- Developed full-stack web features using Laravel, Vue.js, Inertia.js, and Nuxt.js. Built REST APIs, integrated Google OAuth, and implemented multilingual support. Designed responsive UIs using Tailwind CSS, Vuetify, and Shadcn UI. Fixed bugs, optimized performance, and improved user experience. Test case and work-flow during coding and test find bugs.
- **Tech Stack:** Laravel, Inertia.js, Vue.js, Nuxt.js, TypeScript, MySQL, Tailwind CSS, Vuetify, Shadcn UI
- **Website:** vehabooking.com

IT Solution Digital – Web Developer Intern | 4 Months

- Developed frontend and backend features using Laravel, Inertia.js, Vue.js, and Vuetify. Integrated REST APIs and handled frontend-backend data communication. Fixed bugs and improved UI components and application functionality. Participated in code reviews and collaborated with the development team.
- **Tech Stack:** Laravel, Inertia.js, Vue.js, Vuetify, JavaScript, MySQL

Skills

- PHP,
- Dart
- Flutter
- JavaScript,
- TypeScript,
- HTML, CSS
- Vue.js,
- Nuxt.js,
- Inertia.js,
- Tailwind CSS
- Laravel,
- REST API
- MySQL
- Shadcn UI

Tools

- Figma,
- Git, Github,
- XAMPP,
- Postman.
- Claude AI (Agent for Develop code, Design UI)
